1.0. INTRODUCTION

Effective regulation of the importation and exportation of internationally traded goods is key in ensuring the protection of the health and safety of consumers around the world. Clearance of cosmetics, household chemical substances, medical devices for export, as carried out by the Food and Drugs Authority (FDA), typically involves permit issuance and inspection, both of which are mandated by the Public Health Act, Act 851 of 2012.

These guidelines outline the processes and procedures involved in the application for and issuance of electronic permits as well as the inspection and release of consignments for exportation out of the country.

These guidelines are hereby promulgated for information, guidance and strict adherence by all concerned

1.1. Scope

In exercise of the powers conferred on the Food and Drugs Authority (FDA) by Part 7, section 118 of the Public Health Act 851, 2012, these guidelines apply to all cosmetics, household chemicals, medical devices that are to be exported from Ghana and are for adherence by all exporters of these products.

Despite the above, all cosmetics, household chemicals, medical devices to be exported shall comply with existing Ghana Standards.

The purpose of these guidelines is to regulate and monitor the export of cosmetics, household chemicals, medical devices so as to ensure their safety and quality and also provide a comprehensive procedure for bringing their activities into compliance with the law.
